RESEARCH FOCUS NLP / LLM Agents / AI for Science / Evidence-Grounded Research

EDUCATION

Westlake University

Undergraduate, Artificial Intelligence

Hangzhou, China

2024 cohort

RESEARCH EXPERIENCE

Westlake NLP Lab

Hangzhou, China

[Advisor profile](#)

Undergraduate Researcher; advised by Prof. Yue Zhang

- Investigate language agents and AI-for-science systems that integrate literature, researcher insight, and experimental feedback into useful, traceable, and scientifically defensible decisions.
- Develop evidence-grounded workflows for literature search, information synthesis, research planning, and preservation of uncertainty, negative results, and provenance.

RESEARCH INTERESTS

- Research agents:** language-model agents for literature search, information synthesis, and research workflows.
- AI for science:** AI systems that support scientific discovery and the everyday work of researchers.
- Natural language processing:** methods that help machines understand, organize, and work with human language.

HONORS

2026	ICPC Asia East Continent Final	Silver Medal
2025	ICPC Asia Xi'an Regional	Gold Medal
2025	CCPC Zhengzhou Site	Gold Medal
2025	ICPC Asia Shenyang Regional	Silver Medal

TECHNICAL SKILLS

Programming Python, Git, command-line development, testing, and reproducibility

AI/NLP LLM applications, language agents, multi-agent orchestration, evidence retrieval and synthesis, and AI for science

Engineering Flask, LangChain, REST APIs, Pytest, Ruff, Mypy, GitHub Actions, and LaTeX
